Join Executive Committee of Somerset Elementary PTSA

As you may have read in the news, the *Puget Sound Business Journal* has recognized Somerset Elementary as the [top elementary school in the Puget Sound region](#). Our PTSA volunteers have made this happen together with the teachers and staff.

Why is the PTSA so important for our school? The PTSA is the secret ingredient which ensures that our children will continue to benefit from various enrichment programs that supplement what they are learning. This includes engaging field trips, in-classroom programs, special guest speakers, supplemental classroom supplies and activities, and extracurricular programs such as Math Circle and Chess Club. All these help build a sense of community and enrich the minds of our young learners. [Parent volunteers are an integral part of this secret ingredient, and having new volunteers joining us is critically important to ensuring our children can still receive these benefits in 2021-2022 school year.](#) If we are not able to obtain enough new volunteers then all the programs, curriculum enhancements, and after school programs mentioned above would come to a halt.

To ensure a smooth transition of knowledge and prepare for the new school year in the fall, we are recruiting for the following positions. Note that the current EC members will work together and help onboard the new volunteers.

- President
- Secretary
- VP Communication
- VP Program
- VP Ways and Means

If interested, please contact somersetpta@gmail.com. You are also welcome to join with a friend to share the work of the positions.

Please visit [Somerset PTSA website](#) for more information and the description of the positions.
